

pan&tilt unit

Type	FL10 (pan&tilt unit for camera housing series CH-RT)
Material	cast aluminium
Surface	powder coated RAL 9002 (light grey)
IP protection class	IP67
Operating temperature	-25°C to 70°C
Weight	3.5 kg
Load capacity	12 kg
Voltage	230VAC/0.06A or 24VAC/0.6A
Power consumption	14W
Control system	electrical, BUS-system, RS232
Connecting cable	3m
Cable glands	2 x PG11
Horizontal rotation and speed	360° - 6°/sec
Vertical rotation and speed	360° - 3°/sec
EMC	construction acc. EN 55022 and EN 55024
Vibration	1.4G (in use) tested acc. IEC-publication 60068-2-6
Upon request	heater and special surface colour
